Description

AW430 PVCu Frame Cleaner is a solvent-based formulation designed to clean PVCu surfaces.

Colour

Clear

Packaging

1 litre bottle (12 per carton)

Technical Information

Property	Result
Composition	A specially formulated blend of aliphatic hydrocarbon and ketone solvents
Storage	Store in shaded dry conditions between +5°C and 35°C.
Shelf Life	12 months when stored as recommended in original unopened containers.

Application

- Always carry out a test to confirm compatibility prior to use.
- Apply with a soft clean cloth. Remove with a second soft dry cloth.

Please Note

The product is not suitable for use on materials and surfaces which are sensitive or prone to solvent attack.

Health & Safety Precautions

Safety data sheet must be read and understood before use.

AW430

PVCu Frame Cleaner

Usage / Purpose

AW430 is ideally suited for cleaning and removing stains and contamination from PVCu window and door frames during installation and for maintenance thereafter. The product may also be used for cleaning other surfaces which are not sensitive to solvents such as metal, ceramics and glass.

Key Benefits

- Ideal for cleaning PVCu windows and doors
- Removes marks, light scratches and fingerprints
- Leaves a clean sparkling finish
- Rejuvenates weathered frames and panels
